

## A CHICAGO INSTITUTION

Joe Sapp, the founder and creator of The Original Rainbow Cone was a creative dreamer with a love for ice cream. "Grandpa Joe" was known to never be happy with just one flavor on his cone. Which is why when Joe and his wife, Katherine, opened the first Rainbow Cone in 1926, their signature sliced (not scooped!) cone featured not one, but five delicious flavors together; **Chocolate, Strawberry, Palmer House, Pistachio & Orange Sherbet**. Little did Joe know, his creative combination of flavors would become a beloved Chicago institution with a 95+ year legacy.

Today we are still locally owned and proudly hold Grandpa Joe's tradition of togetherness, hard work, and creativity close to our hearts. As we work to expand our locations and showcase our new adventures, we are excited to share our love for Rainbow Cone's signature sliced cone with even more communities.
